Selection Rules

And They Shall Know No Fear: You can re-roll failed Morale tests for this unit.

Authority of the Inquisition: Units with this ability can embark onto any IMPERIUM TRANSPORT, even though the transport in question might normally only permit models with other Faction keywords to do so. All other restrictions apply normally, and INQUISITOR TERMINATOR models can only embark upon TRANSPORTS that specifically allow Terminator models to do so.

Quarry: A unit with this ability gains a bonus when attacking a certain type of enemy. If the unit belongs to the ORDO MALLEUS, the ORDO HERETICUS or the ORDO XENOS, it gains the relevant trait from the table below.

If the unit does not belong to one of these 3 main Ordos, it belongs to one of the rarer and more specialized Ordos. These Ordos are assumed to be focused upon hunting down specific individuals that pose a threat to the Imperium, and so gain the Specialist trait from the table below.

Malleus - You can re-roll hit rolls and wound rolls for ORDO MALLEUS units if the target has the CHAOS or DAEMON keyword.

Hereticus - You can re-roll hit rolls and wound rolls for ORDO HERETICUS units if the target has the CHAOS or Psyker keyword.

Xenos - You can re-roll hit rolls and wound rolls of 1 for ORDO XENOS units if the target do not have the CHAOS, IMPERIUM or UNALIGNED FACTION keywords.

Specialist - You can re-roll hit rolls rolls of 1 for ORDO SPECIALIST units if the target has the CHAOS or
